 Subject Remuneration
 to Medical Officers charged
 with the duty of sea-
 mining persons
 for the Mysore State
 Life Insurance

It may be enquired
 whether it is the inter-
 view of Govt to give any
 remuneration to ~~for~~

Medical Officers -
 As the State Service
 (or means to service) no
 profit from the business
 he regards it as private
 business benefiting only
 the proposers, & in this
 view he thinks it but
 right to require the
 proposers to pay a fee
 by way of remuneration

to the medical officers
whoie with much
trouble -

Apparently the
first Appt Surgeon at
Trincom is the only
medical officer who has
raised the question -
He particularly complains
of the trouble involved
in having to pay more
than a mile in each
case to reach the
applicant for insurance

I believe suggests
no amount - The
Trincom Appt Surgeon
suggests an addition
of Rs 50 per month
to his own pay -

Sir,

I have the honor to inquire
if it is the intention of Govern-
ment to give any remuneration
to Medical officers for examining
proposers for the Mysore State
Life Insurance.

It is called the Mysore State
Life Insurance but the State
derives no pecuniary advantage
from it it has no direct concern
with the administration the benefits
accrue to the proposers and their
families and hence in a great
measure is practically a private
business under state management
and as the examination of
proposers entails a good deal

deal of trouble an Medical officers, it would seem fair
to give these officers some remuneration for this trouble
undertaken by direction of Government for private persons
or in other words for officials in the advancement of their
private interests.

I have the honor to be,

Sir
Your most obedient servant
